

EUROPEAN COMMISSION CALL FOR EVIDENCE ON THE EU START-UP AND SCALE-UP STRATEGY

[EC Call for Evidence on the EU Start-up and Scale-up Strategy](#)

Target participants

No specific targeted audience has been set in the published document; however, it is understood that the consultation will be of interest to Civil society, social partners, EU companies, including SMEs, financial intermediaries and financial markets. Not to forget the relevant authorities of the Member States.

Information Note

The European Commission (EC) is creating an EU Startup and Scaleup Strategy to improve conditions for startups and scaleups. Specifically, the strategy seeks to address hurdles faced by EU startups and scaleups, including limited access to finance, regulatory burdens, fragmented regulations, and lack of coordination. Startups also face challenges in accessing EU markets and talent. To address these issues, the strategy will outline policy, financial, and regulatory measures to improve conditions for startups and scaleups across the single market and encourage tech spin-offs.

The EU startup and scaleup strategy will be triggered by the relevant EC Communication based on extensive evidence and a set of consultations with stakeholders, including this Call for Evidence, which entails a four-week consultation with the general public via the 'Have Your Say' portal.
