

ESMA updates the validation rules for MiFIR transaction reporting

12 May 2022

The CNMV informs about ESMA's recent publication regarding the update of the validation rules relevant for the transaction reporting under Article 26 of MiFIR.

The updated validation rules will be applicable as of 31 May 2022.

The direct links to the new version of the document is as follows:
<https://www.esma.europa.eu/document/transaction-reporting-validation-rules-2022-update>

Entities obliged to report, Approved Reporting Mechanisms (ARMs) and trading venues will have to adapt their systems to properly submit their transaction report files to CNMV.
